Sensys Gatso receives an order from Ajman for delivery of red-light enforcement systems, worth SEK 5.4 million

Sensys Gatso Group, a global leader in traffic safety solutions, through its subsidiary, Sensys Gatso Sweden, has received an order for red-light traffic safety systems with a value of SEK 5.4 million from the emirate of Ajman in the United Arab Emirates.

The order has been received through one of our local partners and covers red-light enforcement systems. Deliveries are planned to be executed within the fourth quarter 2023.

Sensys Gatso has a particularly strong position within "Intersection safety" where we offer solutions for not only enforcing red-light violations, but also other types of dangerous behaviours in the intersection, such as illegal turns, blocking the intersection and/or the pedestrian crossing and more.

"We continue to boost our strong position in the Northern Emirates. Ajman is one of our most important markets in the UAE and we are very pleased to add more systems to our installed base and continue contributing to improved traffic safety while deepening our relationship with Ajman Police", says Saman Alae Naziri, General Manager of Sensys Gatso Group MENA in Dubai, UAE.
