Press release July 11, 2023

Sensys Gatso receives a seven-year TRaaS contract for traffic safety in Bensalem worth SEK 22 million, expanding the footprint in Pennsylvania

Sensys Gatso Group, a global leader in traffic safety solutions, through its subsidiary, Sensys Gatso USA, has executed a seven-year base-term automated red light enforcement contract with the Township of Bensalem, PA. The contract is estimated to be worth up to $2.1 million (USD) corresponding to SEK 22 million. The program will include red light enforcement systems and is anticipated to begin in early fall.

William McVey, Director of Public Safety for Bensalem Township Police Department says, *"Our goal is to reduce the number of traffic accidents and red light violations at these intersections through education and enforcement. Over time we believe this technology, in combination with our directed traffic enforcement efforts, will change driver behaviour and make these intersections safer for our community. We look forward to our partnership with Sensys Gatso and making our roadways safer for travel."*

"We look forward to partnering with Bensalem Township to address their traffic safety concerns," said Sensys Gatso USA President and Managing Director, Bill Braden. *"They have significant concerns about the safety at several dangerous intersections in their community. I appreciate the confidence that the Township has expressed in Sensys Gatso through our selection. Our team is ready to work with them to implement their specifically designed automated traffic safety program and reduce red light running and collisions in the community."*

Sensys Gatso USA now has three contracts in the State of Pennsylvania.
