Press release May 30, 2023

Sensys Gatso receives a seven-year red light TRaaS contract from Warrington Township, Pennsylvania USA, worth SEK 26 million

Sensys Gatso Group, a global leader in traffic safety solutions, through its subsidiary, Sensys Gatso USA, has executed a seven-year base-term automated red light enforcement contract with the Township of Warrington, PA. The contract is estimated to be worth up to USD 2.4 million, corresponding to SEK 26 million. The program will include red light enforcement systems and is anticipated to begin in early fall.

"Our main thoroughfare, Easton Road, will be much safer having Red Light Enforcement cameras in place and will allow our Police Officers to handle more serious issues and do more patrols of local roads," said Fred Gaines, Chair of the Warrington Township Board of Supervisors.

The Sensys Gatso PULS and Xilium software platforms drive the industry leading red light and speed enforcement camera systems. All elements of the automatic traffic enforcement solution, from image capture to customer services, adjudication services and payment collection, will be delivered to Warrington Township by Sensys Gatso.

"We look forward to partnering with Warrington Township to address their traffic safety concerns," said Sensys Gatso USA President and Managing Director, Bill Braden. *"I appreciate the confidence that the Township has expressed in choosing Sensys Gatso as their partner to deliver a safety program."*

Sensys Gatso USA now has two contracts in the State of Pennsylvania.
