## Order from France worth SEK 16 million

**Sensys Gatso Group, a global leader in traffic safety solutions, has received an additional order for in-vehicle safety systems worth EUR 1.5 million, corresponding to SEK 16 million, from France.**

The order is for the delivery of in-vehicle safety systems to France and is a continuation of the project that Sensys Gatso Group started in 2013. The order is planned to be delivered during the remainder of 2018. The use of in-vehicle systems have proven to be a very effective way to reduce road casualties.

“We are proud and grateful that the French Ministry of Interior has extended its confidence in Sensys Gatso with an additional order. The benefits of the in-vehicle system, shown in France, have gained much attention in the global market. This order confirms the strength of the concept” says Joris Lampe, Chief Commercial Officer at Sensys Gatso Group AB.
