

Press release 21 December, 2018

Sensys Gatso receives contract extension from Australia worth SEK 4.5 million

Sensys Gatso, a global leader in traffic safety solutions, has through its subsidiary Sensys Gatso Australia received a contract extension to the value of AUD 0.7 million, corresponding to SEK 4.5 million for new intelligent traffic systems supply and services to the Victorian Government.

The contract extension is for the supply and installation of new unregistered vehicle monitoring systems at selected intersection sites in the State of Victoria. The supply and installation services to the value of AUD 0.7 million are expected to be completed by the end of 2019.

Sensys Gatso Australia's Managing Director Enzo Dri comments: *"The installation of new unregistered vehicle monitoring systems will interface with installed traffic safety system technology at selected intersections. This project supports the State's objectives to ensure that the vehicles using the road network have met all of the required safety and legal obligations. We are pleased to support the State of Victoria with our high integrity, innovative solutions."*
